# INDUSTRIAL WORKERS TAKE STRIKE

## RAIDS FOLLOWING I. W. W. KILLINGS ARE CONTINUED AND SCORES OF SUSPECTS ARE ARRESTED IN MANY CITIES.

SAN FRANCISCO, Nov. 15.—Raids on Industrial Workers of the World and other radical organizations began as the result of the killing of four former service men at Centralia, Wash., last Tuesday, continue up and down the Pacific coast.

At Los Angeles a number of former service men, said to be mainly members of the American Legion, broke into Industrial Workers of the World headquarters, and with clubs and bricks, men found and wrecked the place before the police could respond to a riot call.

San Francisco the "People's Institute," and W. W. headquarters were raided by the police and nine men held in default of \$1,000 bond, on charges of vagrancy.

These raids followed receipt of information, the police said, that school children were visiting the Federal Institute and obtaining radical literature which they carried home. Police Captain D. Means, who conducted the raid, said all Industrial Workers of the World must leave the city or go to jail.

Seattle, Nov. 15.—Police Commissioner of Immigration, made formal announcement that all Industrial Workers of the World were to be deported.

At Portland, Ore., police raided the headquarters of the Industrial Workers of the World and arrested several men.

## INDUSTRIAL WORKERS TAKE STRIKE

WASHINGTON, Nov. 15.—After a long and acrimonious wrangle today representatives of the coal operators and miners in conference here agreed to take up settlement of wage and labor conditions in the central competitive field after they had failed to agree on considering a national scale as first proposed.

When faced with the refusal of the mine operators to make an agreement on a national basis, President Lewis of the miners' union, and Phil H. Penna, for the operators, finally agreed to proceed with negotiations covering the central competitive field.

Adjoining the general conference Secretary Wilson then summoned the labor union supply at 2:30 p.m. today to negotiate a new wage agreement.

Operators from districts outside the central competitive field will meet at the same hour to determine whether the agreement arrived at by the wage scale committee of the central competitive field will be accepted as a basis for the contracts in the outlying districts.

## GOAL FOR JEWISH HOSPITAL FUND IS BELIEVED NEAR

The progress of the campaign to raise \$250,000 for the building fund of the Tri-State Jewish Hospital and Old Folks home has been so encouraging this week that some of the leaders of the movement hope to see the entire amount of Memphis' quota subscribed when the team captains and workers make their report for the week Saturday night at the Y. M. H. A. building.

It is hoped to raise \$250,000 in the city of Memphis, and the campaign there is still in progress.

The active campaign in Arkansas will be launched Monday, and the campaign committee has been assured that the Jewish people and their friends in Arkansas will contribute fully as much to the hospital as is raised in Mississippi.

Among the larger subscriptions reported this week was one for \$1,000 by The News-Scholar.

The campaign directors are confident that not only the entire amount asked will be raised but that it will be over-subscribed, which will make possible the building of a greater institution than at first planned.

## BIG FIRST'S FACE OFFICERS GO ON

More Money Must Be Borrowed Result of High Cost of Political Government Just About to End.

The new city administration, when it takes charge of affairs at the city hall the first of the year, will face first all the task of taking care of the debts caused by the high cost of political government.

The present administration is preparing to issue a new series of short-term notes by the first of the coming month. How much must be borrowed to take the city over even until the first of the year has not yet been determined, but it will probably be from \$100,000 to \$200,000.

Thus it is that the recommendations of the Citizens' tax rate committee, which last July and August attempted to persuade the city administration to practice rigid economy, and keep the tax rate down to not more than \$2, are being ignored.

That committee suggested that by proper economy, and the elimination of unnecessary expenses, more money could be raised to \$2.20, a rate higher by 20 cents than the present rate of \$2.00. But their recommendations are being ignored and the higher tax rate made.
